

I would like to state that KLOVE needs to stay on the air as it is. I would not like to see it going to a LPFM station for the following reasons: 1. KLOVE serves our area by providing positive comments and music. I personally work in my car traveling and KLOVE is one of 2 stations that provide this service. We have experienced devastating weather related tragedies over this last year and it was awesome to see the calming effect of having this type of music to listen to. I heard many state that they were reminded God was with them through the music.

2. If KLOVE were to be replaced by a LPFM station, KLOVE would not be heard in the more rural areas of our state. We need hope here! Please do not take our station away.

3. I truly believe that KLOVE is tremendous. This station is REAL. I appreciate the honesty of the staff and of the news that is reported. I know I can trust what is stated on this station as their integrity is clear. What an awesome channel!

Again, please don't change this station to a LPFM station. I would hate to see what would happen in our communities if the wonderful hope KLOVE provides is not available. We currently hear KLOVE on 3 stations while in our listening area, depending on what part of NE we are traveling. They are: 88.1, 91.9 and 89.9.

Thank you for your consideration in this matter. I'm praying that you will be sure to make the correct decision.
